Summary

I am a passionate Frontend Web Developer and CSE student with strong skills in React.js, JavaScript (ES6+), and Tailwind CSS. I have a solid understanding of MERN stack fundamentals including Node.js, Express.js, and MongoDB, which enables me to build responsive and dynamic web applications from scratch.

I excel at problem-solving and enjoy turning complex challenges into user-friendly solutions. I am constantly learning and exploring modern web development technologies to create efficient, scalable, and visually appealing applications.

Key Skills: React.js, JavaScript, Tailwind CSS, HTML5, CSS3, Node.js, Express.js, MongoDB, MERN fundamentals, Git, Responsive Web Design, Problem Solving.

I am open to internships, collaborative projects, and opportunities where I can contribute, learn, and grow as a full-stack web developer.
